

STAGE COASTER

The STAGE COASTER is a self contained, self erecting mobile stage. It can be driven into virtually any location and erected in 90 minutes.

Integrated Sound and Lighting System, Generator with Crew.

Tough, safe and economical,
The Stage Coaster is a
STAGELINE SL250 mobile
stage, built and field-tested by
production professionals to
meet the needs of your most
demanding and varied
outdoor events.

The Stageline SL250 has been used successfully at thousands of events in over 30 countries, and is now available from The Stage Coaster company.
- in Ireland and the United Kingdom -

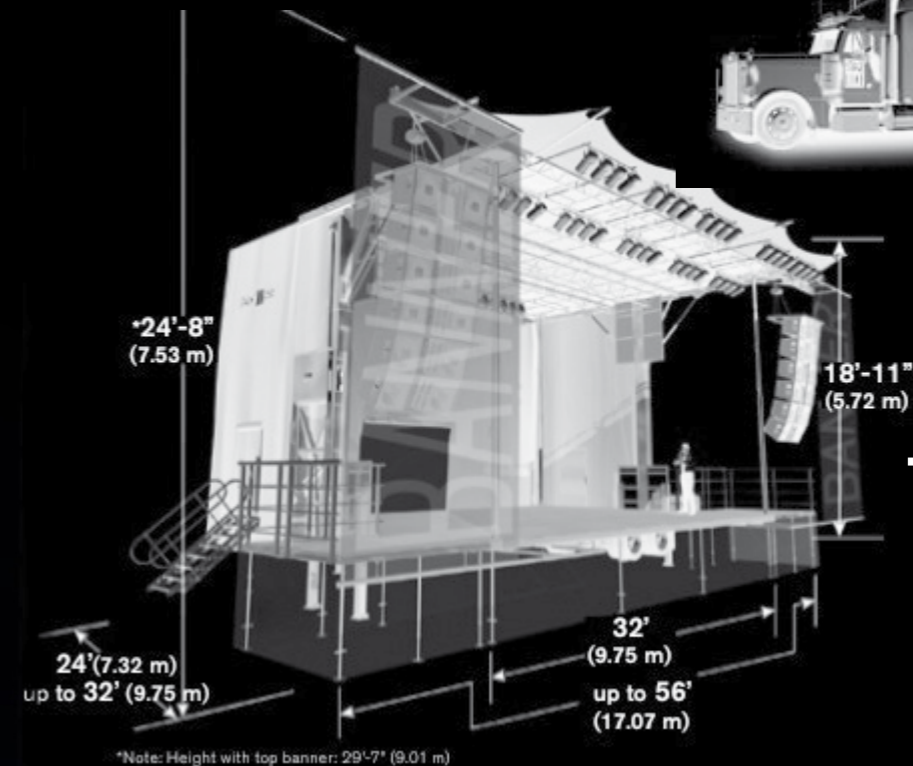

THE STAGE COASTER

Whether you are organising a local event, a festival or a major corporate event, we have the ideal solution with the necessary expertise to ensure your success. Our mobile stage is a reliable solution offering quality at a reasonable price. The Stage Coaster is a portable version of a permanent structure available in various innovative designs to meet the needs of your event wherever it takes place and whatever the conditions.

SUPPORT

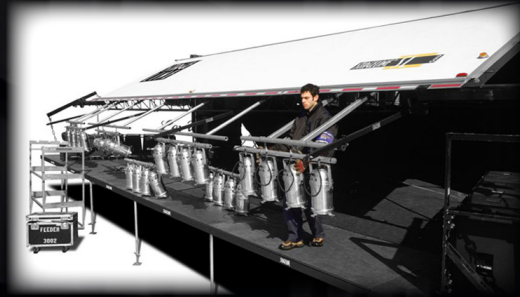

We want your event to be a success and as such our team offer all of the technical back-up you need.

Our crew is as attentive as they are experienced.

ABOUT US

Our philosophy is simple: provide our customers with the highest quality equipment, the most comprehensive customer support services, highly trained staff, value for money and... peace of mind.

The Stage Coaster company is a subsidiary of AVC Ltd (avchire.com). AVC was established over 20 years ago, giving us many years experience in the field of Audio Visual, Hire, Sales and Production. With offices in Ireland and the United

Kingdom, we are a leading supplier of AV equipment and services to the conference and event industry. At AVC we understand the importance of creating maximum impact at every event, while keeping cost to a minimum.

SAFETY

Our mechanical, hydraulic and electrical systems are checked and tested to the highest safety standards, meaning they are easily verifiable. Our health and safety record is exceptional.
