

MINI COASTER

The MINI COASTER is a self contained, self erecting mobile stage. It can be driven into virtually any location and erected in under 15 minutes.

Integrated Sound and Lighting System, Generator with Crew.

The Mini Coaster is built to the same design, specifications and high standards as our Stage Coaster, but now offers an alternative for the smaller festival or event.

Designed, engineered and purpose built to be safely transported, safely deployed and safely used outdoors.

Mini Coaster is a hydraulic trailer stage. Reliable, quick, easy to use and economical
